10. 2The following are advantages of using Non-print resources except:
- (a) Aid retention
 - (b) preservation
 - (c) Group instruction
 - (d) Erratic power supply.+++
11. One of the following is not part of audio-visual resources
- (a) Television
 - (b) Video recordings
 - (c) Digital media
 - (d) World Atlas.+++
12. Physical parts of a book consist of the following except:
- (a) Dust jacket
 - (b) Binding
 - (c) publisher+++
 - (d) spine.
13. Binding is:
- (a) That part of a book which holds the printed sheets together+++
 - (b) The edge of the book that holds the printed sheets together
 - (c) What contains the intellectual information
 - (d) A blank leaf found at the beginning and end of a book.
14. 3Books as the oldest forms of printed media include the following sub types except:
- (a) Monographs
 - (b) Textbooks
 - (c) Reference books
 - (d) Realia.+++

15. Copyright page is also known as:
- (a) Fly leaf
 - (b) Preface
 - (c) Title page
 - (d) Verso page+++
16. Cartographic materials are also known as:
- (a) Maps+++
 - (b) Audio-visual materials
 - (c) Objects
 - (d) None of the above.
17. FUTA library was opened to users on:
- (a) 1983+++
 - (b) 1993
 - (c) 1981
 - (d) 2003.
18. 4National Libraries are also known as:
- (a) Virtual libraries
 - (b) Special libraries
 - (c) Depository+++
 - (d) Archival libraries.
19. The word library is from a:
- (a) German word
 - (b) French word
 - (c) Latin word+++
 - (d)Indonesia word
20. The word *liber* means:
- (a) Book+++
 - (b) Library
 - (c) Literature
 - (d) All of the above
21. 5All these are functions of library except
- (a) Provision of seating and reading facilities
 - (b) Provision of reference services
 - (c) Keeping of academic records of students+++
 - (d) Provision of users education

22. Travel guide is an example of
- (a) Biographical reference source
 - (b) Geographical reference source+++
 - (c) Literature search tool
 - (d) Electro basic background reference source
23. Types of library can depend on the following except
- a. Types of services rendered to users
 - b. Types of collections in the library
 - c. Types of users
 - d. Gender of the user+++
24. 6FUTA library is an example of.....
- (a) School library
 - (b) Public library
 - (c) Special library
 - (d) Academic library+++
25. A journal can be found in unit of a library
- (a) Circulation
 - (b) Reference+++
 - (c) Serial
 - (d) Porters
26. ISBN means
- (a) International Standard Book Number+++
 - (b) International Standard Beaucratic Number
 - (c) International Standard Backlog Number
 - (d) International Standard Backcode Number
27. 7Transparency is an example of form of recording knowledge
- (a) Print
 - (b) Non-print+++
 - (c) Both a and b
 - (d) None of the above
28. The library that acts as national information bank is
- (a) Public library
 - (b) National library+++
 - (c) National Institute of Information
 - (d) All of the above

29. A place where we have large number of historical records is called
- (a) Public library
 - (b) Archive+++
 - (c) National library
 - (d) School library
30. 8Which unit in the library is responsible for the processing of books?
- (a) Serial unit are issued
 - (b) Circulation unit
 - (c) Reference unit
 - (d) Cataloguing and Classification unit+++
31. Users normally keep their personal belongings when entering the Library in the
- (a) Porters unit
 - (b) Cloak room+++
 - (c) Security room
 - (d) Circulation desk
32. 9Works on a single subject or aspect of a subject are called
- (a) Monographs+++
 - (b) Textbooks
 - (c) Reference books
 - (d) Pamphlets
33. A term used for some geographical reference sources are.....
- (a) Cartographic sources+++
 - (b) Maps and Atlases
 - (c) Locational gazetteers
 - (d) Bibliographies
34. Reference sources that provide information on individuals are called
- (a) Fact ready reference sources
 - (b) Background reference sources
 - (c) Biographical reference sources+++
 - (d) Literature search tools
35. 10The index consulted by library staff to locate serial materials is.....
- (a) Kardex+++
 - (b) Catalogue
 - (c) Library card
 - (d) OPAC

36. The maximum number of books that undergraduate can borrow in the library is
- (a) Five
 - (b) Three
 - (c) Four
 - (d) Two+++
37. Charging and discharging are performed in unit of the library
- (a) Reference
 - (b) Acquisition
 - (c) Serial
 - (d) Circulation+++
38. The skills combined in locating and retrieving information is called
- (a) Information literacy+++
 - (b) Information process
 - (c) Information awareness
 - (d) Information protocol
39. A library without wall is called.....
- (a) Digital library
 - (b) Electronic library
 - (c) Virtual library+++
 - (d) Public library
40. A book borrowed by undergraduate will be for a period of
- (a) Three weeks
 - (b) Four weeks
 - (c) Two weeks+++
 - (d) One week
41. The followings are ways of acquiring materials in the library except
- (a) Purchase
 - (b) Gift
 - (c) Exchange
 - (d) Binding+++
42. The retrieval tool used to locate books on shelves in the library is
- (a) Library card
 - (b) Catalogue+++
 - (c) Kardex
 - (d) School identity card

43. Who is who is an example of
- (a) Literature search tool
 - (b) Geographical tool
 - (c) Fact ready tool
 - (d) Biographical tool+++
44. A library that is attached to industrial or corporate organizations is
- (a) Private library
 - (b) Public library
 - (c) Special library+++
 - (d) All of the above
45. A library that is attached to post primary institutions is
- (a) Academic library
 - (b) School library+++
 - (c) Public library
 - (d) Special library
46. All these are allowed in the library for users except
- (a) Borrowing of books
 - (b) Using of catalogue
 - (c) Returning consulted books on shelves+++
 - (d) Rendering reservation services
47. A book will have at leastnumbers of catalogue
- (a) One
 - (b) Two
 - (c) Three+++
 - (d) Four
48. Registration of users in the library takes place at
- (a) Porters unit
 - (b) Circulation unit+++
 - (c) Information Communication and Technology unit
 - (d) Serial unit
49. Advantages of non-prints include the followings except
- (a) They aid retention
 - (b) Group instruction
 - (c) Preservation
 - (d) Technology obsolescence+++

50. The reference source that contains synonyms and antonyms with alternate words for identified is called

- (a) Lexicon
- (b) Thesaurus+++
- (c) Dictionary
- (d) Special purpose dictionary

51.11 is not a type of library

- (a) Digital library
- (b) Electronic library
- (c) Virtual library
- (d) none of the above+++

52. Selective dissemination of information is a typical library service performed mostly in the library

- (a) Public
- (b) Special+++
- (c) Private
- (d) Digital

53. 12..... is not one of the functions of the circulation unit in the library

- (a) responding to users' questions
- (b) Charging and discharging of library materials
- (c) Registration of users
- (d) none of the above+++

54. User education comprises all of the following except

- (a) Reference service+++
- (b) Library tour
- (c) Display and exhibition
- (d) Library orientation

55. ñJò is a class mark that represents library materials under

- (a) Political science+++
- (b) Social science
- (c) Science
- (d) Military science

56. The following except one are methods of acquiring information materials in the library.

- (a) Bequest
- (b) accessioning+++
- (c) Inter-library loan
- (d) Library exchange

57.13 contains bibliographic details of a book including its copyright information

- (a) Title page
- (b) Preface
- (c) Verso page+++
- (d) Half title page

58.14 is an example of a cartographic material.

- (a) Encyclopedia
- (b) Slide
- (c) Realia
- (d) Map+++

59. All but one of the following are advantages of using non-print materials.

- (a) They are good for distance learning programmes
- (b) They are not profitable for individualised learning+++
- (c) They are better accessed using electric power
- (d) They have large storage capacities

60.15 is an example of fact/ready reference resource

- (a) Directories+++
- (b) Abstract
- (c) Bibliography
- (d) Thesauri

61. A systematic arrangement or list of bibliographic information is called

- (a) Catalogue+++
- (b) A year book
- (c) A manual
- (d) A textbook

62. An information material published in successive parts and intended to continue indefinitely is called

- (a) A serial
- (b) A magazine
- (c) A periodical
- (d) All of the above+++

63.16 is not a characteristics of serial

- (a) It is dynamic
- (b) It contains International Standard Book Number +++
- (c) It dwells on specialized subjects
- (d) It is written by experts.

64. 17..... is an annual information material containing mostly statistical information on various topics

- (a) Encyclopedia
- (b) Directory
- (c) Yearbook+++
- (d) Gazeeter

65. is an example of a literature search tool.

- (a) Map
- (b) Bibliography+++
- (c) Handbook
- (d) Dictionary

66. is a geographical dictionary

- (a) Gazette
- (b) Thesaurus
- (c) Bibliography
- (d) Gazetteer+++

67. The display of newly acquired information materials in the library is an example of

- (a) Reference service
- (b) Current awareness service+++
- (c) Selective dissemination of information
- (d) Reprographic service

68. One of the following is not a type of index

- (a) Book index
- (b) Alphabetical index
- (c) Author index
- (d) Numerical index+++

69.18 Information materials on technology are classified under

- (a) S
- (b) T+++
- (c) Q
- (d) R

70. serves as a depository for all publications written about a country.

- (a) Public library
- (b) National library+++
- (c) Government library
- (d) Legislative library

71. 19A paper designed to cover a published book is called

- (a) Dust jacket+++
- (b) Paper cover
- (c) Fly leaf
- (d) Spine

72. An information material containing between five and forty-eight pages is known as

- (a) Monograph
- (b) Pamphlet+++
- (c) Bulletin
- (d) Book

73. International Institute of Tropical Agriculture Library, Ibadan is an example of

- (a) Private library
- (b) Virtual library
- (c) Special library+++
- (d) Academic library

74.20 One of the following is not a service performed in academic libraries

- (a) User education
- (b) Reprographic service
- (c) Bindery service
- (d) None of the above+++

75. is an example of a miniature storage medium

- (a) CD-ROM
- (b) Compact disk
- (c) Memory card+++
- (d) None of the above

76.21 ISSN refers to

- (a) International Standard Serial Number
- (b) International Standard Subject Number+++
- (c) International Subject Serial Number
- (d) International Standard Sequence Number

77. Nigeria who's who is an example of a

- (a) Background reference source
- (b) Fact/ready reference source
- (c) Biographical reference source+++
- (d) Geographical reference source

78.22 is a routine task performed in the acquisitions unit

- (a) Accessioning+++
- (b) Labelling
- (c) Cataloguing
- (d) Filing

79. A library set up according to owner's subject interest is

- (a) Personal library
- (b) Private library+++
- (c) Special library
- (d) Virtual library

80.23 Providing information on where to get specific information materials is part of the function ofunit

- (a) Reference+++
- (b) Circulation
- (c) Current awareness
- (d) Reprographic

81. is one of the problems encountered during the use of serials.

- (a) Change of technological development.
- (b) Authorship verification
- (c) A and B
- (d) None of the above+++

82.24 Another name for information literacy is

- (a) Library literacy
- (b) Media literacy
- (c) Computer literacy
- (d) All of the above+++

83. One of the following is a bibliographic part of a book

- (a) Title+++
- (b) Text
- (c) Binding
- (d) Dust jacket

84.25 is a physical part of a book

- (a) Table of contents
- (b) Half title page
- (c) Verso page
- (d) Book Cover+++

85. Another term for real object is.....

- (a)Realia+++
- (b) Specimen
- (c) Cartographic objects
- (d) Microforms

86.26 All but one of the following is an example of a graphic material.

- (a) Motion picture
- (b) Slide
- (c) Still picture
- (d) Chart+++

87.27 An information resource containing list of names of residents or organisations in a place is known as

- (a) Book list
- (b) index
- (c) Directory+++
- (d) Bibliography

88. A information resource published in successive parts and contains information is called a

- (a) Newspaper
- (b) Newsletter
- (c) Magazine
- (d) All of the above+++

89.29 A book is an information material containing pages

- (a) Less than 48 pages
- (b) 49 pages and above+++
- (c) 50 pages and above
- (d) Less than 49 pages

90. is an example of an audio-visual material

- (a) Still picture
- (b) Realia
- (c) Slides
- (d) Television+++

91.30 The following are aspects of information literacy except

- (a) Media literacy
- (b) Computer literacy
- (c) Numerical literacy
- (d) Print sources of information+++

- 92 Education is not only an instrument of social change but viewed as;
- (a) an investment in the national development+++
 - (b) schools and other institutions
 - (c) education in modern societies
 - (d) necessary for the health and shelter
- 93 Secondary information sources are
- (a) Created from primary materials interpreting original material+++
 - (b) Photographs and drama
 - (c) Created from articles in journals
 - (d) from reviews and textbooks
- 94 The term study skill is used for
- (a) General approaches to learning skills for specific courses of study+++
 - (b) Theoretical works on the subject
 - (c) Retention of lists of information
 - (d) Efficient note-taking
- 95 One of the following is the role of the library resources in education
- (a) Library enables the individual to obtain spiritual inspiration+++
 - (b) Existing literacy institutions
 - (c) Provide educators with access to relevant curriculum
 - (d) All of the above
- 96 The following are types of library except
- (a) National libraries
 - (b) Public libraries
 - (c) Private libraries
 - (d) Education libraries+++
- 97 _____ libraries are owned by an individual
- (a) School libraries
 - (b) National libraries
 - (c) Secondary libraries
 - (d) Private libraries+++

98. The _____ library assigns International Standard Book Number
- (a) Private library
 - (b) School library
 - (c) National library+++
 - (d) Archive library
99. ISSN means
- (a) International Secondary School Number
 - (b) International School of Science Number
 - (c) International Standard Serial Number+++
 - (d) International School of Science Number
100. 31The _____ is actively involved in inter-library lending schemes in a country
- (a) State governments
 - (b) Library of congress
 - (c) National Library+++
 - (d) American library
101. ReadersôServices Division comprises the following units except
- (a) General unit+++
 - (b) Circulation unit
 - (c) Reference unit
 - (d) Porters/Security Unit
- 102.32 _____ is the unit where users are registered
- (a) Circulation unit+++
 - (b) Portersôunit
 - (c) Security unit
 - (d) Reference unit
103. _____ unit is responsible for maintaining security in the library.
- (a) Multimedia unit
 - (b) Serial unit
 - (c) Cataloguing and classification unit
 - (d) Portersôunit+++

104.33 _____ is the major method of acquiring resources in the Library.

- (a) Gift/donations
- (b) Inter-library loan
- (c) Purchase
- (d) All of the above+++

105.34 Library resources in print format are those information carries that exist on paper

- (a) Yes+++
- (b) No
- (c) Yes or no
- (d) None of the above

106. _____ takes place when a library _____ some of its materials for the ones it lacks with another library that would have need for them

- (a) Library Exchange / systems
- (b) Permanent /arrangement
- (c) Library exchange/ exchanges+++
- (d) Borrowing/Exchange
- (e) None of the above

107.35 _____unit mainly stock postgraduate dissertations and the undergraduate projects

- (a) Publications and Repository Unit +++
- (b) Collection Development unit.
- (c) Acquisition Unit
- (d) Bequest
- (e) All of the above

108. _____ are the commonest forms of information carriers

- (a) Parts of a book
- (b) Books+++
- (c) Binding
- (d) The spine
- (e) None of the above

109.36 _____ is the edge of the book that holds the printed papers

- (a) The spine +++
- (b) Content
- (c) Text
- (d) Intellectual information

110.37 The preliminary pages of the book consist of the following features except

- (a) Fly leaf
- (b) Half title page
- (c) Title page
- (d) Graphic materials +++

111. These resources appeal strictly to the sense of sight except

- (a) Graphic materials
- (b) Cartographic materials or maps
- (c) Objects
- (d) All of the above+++

112.38 These information resources combine the qualities of sight and sound appear in one media

- (a) Television+++
- (b) Graphics
- (c) Books and Radio
- (d) Microform

113. Miniature mobile storage media are flash drives, memory cards, USB and smart cards

- (a) Yes +++
- (b) No
- (c) Yes and No
- (d) Yes or No

114.39 The reference unit is a place in the library where the following materials except one are organised for consultation.

- (a) Dictionary
- (b) Annuals
- (c) Journals+++
- (d) Encyclopedia

115. 40_____ treat specific subjects like agriculture, medicine etc

- (a) General Encyclopedia
- (b) Subject encyclopedia+++
- (c) Encyclopedia Americana
- (d) Dictionaries

116. Word entries are arranged alphabetically in the following materials except é ..
- (a) Reference sources
 - (b) Dictionaries
 - (c) Directories
 - (d) None of the above +++
117. 41These sources provide basic data and statistics on topics such as education, health, sports, personalities or professions and are usually published annually.
- (a) Almanacs and yearbooks+++
 - (b) Handbooks, manuals and guides
 - (c) Literature search reference sources
 - (d) Abstracts
118. 42_____ is a list of the books of a specific author, publisher or on a specific subject.
- (a) Periodical index
 - (b) Bibliography+++.
 - (c) Citation index
 - (d) Book index
119. 43Geographical sources are also known as cartographic sources.
- (a) Yes+++
 - (b) No
 - (c) Yes or No
 - (d) Yes and No
120. _____ are good source of primary information
- (a) Journals+++
 - (b) Volume
 - (c) Books
 - (d) Methods of acquiring series
 - (e) Purchase
121. 44Which of the following departments has among its responsibilities the selection and accessioning of information resources bought by or donated to the library.
- a) Circulation Unit
 - b) Acquisition Unit+++
 - c) Reference Unit
 - d) Serials Unit
122. A publication issued in successive parts at regular or irregular intervals, intended to be continued indefinitely are _____
- a) Reference materials
 - b) Serials+++
 - c) Journals
 - d) Documents

123. 45Which of these resources is the odd one out
- a) Journals
 - b) Newsletters
 - c) Newspapers
 - d) Dictionaries+++
124. Which of these resources are published as volumes and issues / numbers, possess ISSN and contain articles
- a) Newspaper+++
 - b) Encyclopaedia
 - c) Dictionary
 - d) Memo
125. 46Cards in a catalogue cabinet are arranged
- a) Chronologically
 - b) Serially
 - c) Alphabetically+++
 - d) Numerically
126. The Punch is a
- a) Weekly journal
 - b) Newsletter
 - c) Daily journal
 - d) Daily newspaper+++
127. Guardian newspaper belongs to the class of materials called
- a) Textbooks
 - b) Serials+++
 - c) Journals
 - d) Newsletters
128. 47Undergraduate students are entitled to borrow maximum of _____ while postgraduate students are entitled to _____ number of books.
- a) 2 books and 4 books respectively+++
 - b) 3 books and 6 books respectively
 - c) 2 books and as many books as possible respectively
 - d) one book and two books respectively
129. All of the following are reference materials except
- a) Dictionaries
 - b) Biographies
 - c) Serials+++
 - d) Yearbook

130. 48One of the following is a reason why books may be found in the reserved collection
- Books are reference materials
 - Books are a gift to the library
 - Books are recommended by teaching staff+++
 - Books are in bad condition.
131. Services offered by the reference department include all except:
- Answering reference questions
 - Current awareness services
 - Referral services
 - Binding of library materials+++
132. Which of these is not a library service:
- Reprography
 - Selective Dissemination of Information
 - Book selling +++
 - Current Awareness Services
133. The library of the International Institute of Tropical Agriculture is also called _____
- Special library+++
 - Academic library
 - National library
 - Archives
134. Ondo State Library Board is an example of
- Archives
 - State library
 - National library
 - Public Library+++
135. 49The type of library that serves undergraduates and graduate students, researchers and faculty is called _____
- Document center
 - Academic library+++
 - National library
 - Archives
136. The unique 10 or 13 digit identification number assigned to editions of books by the publisher is
- Accession number
 - ISBN+++
 - ISSN
 - Call number
137. In school libraries, which of the following group of resources is quite common:
- Audiovisual resources and textbooks+++
 - Thesis and dissertation
 - Memos and documents
 - FAO publications and dictionaries

138. The age, qualifications and experience of Mohammdu Buhari , the president elect could best be found in
- a) Who's Who+++
 - b) Directory
 - c) Gazetteer
 - d) Who was Who
139. Encyclopedia Britannica and Encyclopedia Americana are examples of
- a) Subject encyclopaedia
 - b) Special encyclopaedia
 - c) Juvenile encyclopaedia
 - d) General encyclopaedia+++
140. 50Which of these options is odd:
- a) Atlas
 - b) Map
 - c) Gazetteer
 - d) Manual+++
141. Oxford English dictionary is a _____
- a) General dictionary+++
 - b) Special dictionary
 - c) Dual purpose dictionary
 - d) Lexicon
142. The following are subject dictionaries except
- a) Dictionary of geology
 - b) Longman Contemporary English Dictionary+++
 - c) Dictionary of geology
 - d) Dictionary of African Culture
143. All but one of these resources is available in the Multimedia Unit.
- a) Microform
 - b) Video
 - c) Cassette
 - d) Gazette+++
144. Which of these options is odd:
- a) Television+++
 - b) Map
 - c) Chart
 - d) Picture

145. The library that issues ISSN and ISBN is the _____
- a) Document center
 - b) Academic library
 - c) National library+++
 - d) Archives
146. Which of the following resources can be classified as primary information resources:
- a) Dictionaries
 - b) Textbooks
 - c) Theses and dissertations+++
 - d) Handbooks
147. Appendices are the part of a book that _____.
- a) states the authors intention for writing the book
 - b) shows the topics in the book and where they can be found
 - c) shows the outline of the book
 - d) contains supporting but not too essential information in the book+++
148. ISSN means _____
- a) Internal Standard Serial Number
 - b) International Social Standard Networking
 - c) International Standard Social Number
 - d) International Standard Serial Number +++
149. Opening and closing hours of the University Library, FUTA are _____ and _____
- a) 9.00am and 10.00pm respectively
 - b) 8.00am and 10.00pm respectively+++
 - c) 8.00am and 4.00pm respectively
 - d) 8.00am and 5.00pm respectively
150. An information resource intended for consultation only and not thorough reading is called
- a) Novel
 - b) Reference material+++
 - c) Serial material
 - d) Reserved material
151. The Federal University of Technology Library Akure was established in 1982 but it was not officially opened to users community until
- A. 1982
 - B.1983+++
 - C.1984
 - D. 1985

152. The copyright page of a book contains the following information except

- A. Author's Name
- B. Imprint
- C. Printer's Name
- D. Printer's Intention+++

153. Periodicals are identified by a number referred to as

- A. ISSN+++
- B. ISBN
- C. ISSM
- D. DDC

154. A typical example of an index is

- A. Serial collection
- B. Book title
- C. Library Catalogue+++
- D. Glossary found in a book

155. The following are the features of books except

- A. Chapter
- B. Edition
- C. Volume number +++
- D. Preface

156. One of the following is a subject reference book

- A. Encyclopedia Americana
- B. Biographical reference sources
- C. Encyclopedia Britannica
- D. Dictionary of Proverbs+++

157. Among other things, study skills include mnemonics which help in

- A. Retention of information+++
- B. Effective reading
- C. Concentration techniques and note taking
- D. All of the above

158. The call number or location number is combination of
- A. Subject number and Author number+++
 - B. Subject number and Accession number
 - C. Volume number and Issue number
 - D. Subject number and ISBN
159. The Library of Congress classification scheme is divided into _____ classes
- A. 21+++
 - B. 22
 - C. 23
 - D. 24
160. In Dewey decimal Classification, 300 stands for
- A. Technology
 - B. Languages
 - C. Social sciences+++
 - D. Generalities
161. A running number carried by each library book indicating when it was acquired into the collection of the library is called
- A. International Standard Book Number
 - B. Call number
 - C. Volume and issue number
 - D. Accession Number+++
162. A bulletin issued periodically to a group of defined individuals of a society, business or organization is known as
- A. Newspaper
 - B. B. Newsletter+++
 - C. C. News item
 - D. D. Journals
163. A distinguishing factor of a Journal is its
- A. Volume and issue numbers +++
 - B. Volume and serial numbers
 - C. Volume and book numbers
 - D. Volume, serial and book numbers

164. Personal Digital Assistant can be used to organize one's

- A. Identify when a particular information is needed
 - B. Have the ability to locate the needed information
 - C. Use effectively and efficiently the information
 - D. All of the above+++

180. Collections in a Reference Unit can be identified by an acronym known as

- A. FEF
- B. REF+++
- C. JOU
- D. BRD

181. Names and addresses of women organizations in Nigeria can be found iné é ..

- a. Dictionaries
- b. Encyclopeadia
- c. Directory+++
- d. Travel guide

182. All except one of these library materials is a serial publication

- a. Magazine
- b. Scientific journal
- c. Atlas+++
- d. Newsletter

183. Gazetteer can be located at which of these sections of the libraryé .

- A. Serials Unit
- b. General reading Room
- c. Reference Unit
- d. Government Documents+++

184. The National Library of Nigeria was established iné é é .

- a. 1925
- b. 1960
- c. 1964
- d. 1971+++

185. ISBN means é é é
- a. International Standard Bibliographic Number
 - b. International Standard Book Number+++
 - c. International Serial Book Number
 - d. International Standard Book Notation
186. é é é é é é is the type of library responsible for collection of legal deposit in Nigeria
- a. Special library
 - b. Public library
 - c. National library+++
 - d. Government library
187. Publications that give brief and concise information about the content of document especially scientific journals is known as é é .
- a. Bibliographies
 - b. Abstracts+++
 - c. Handbooks
 - d. indexes
188. Publication of any format issue in successive parts having chronological or numeric designation is known as é é é é é
- a. References
 - b. Serials+++
 - c. Transactions
 - d. Journals
189. An Act of parliament is an example of é é é é
- a. Reference material
 - b. Monographs
 - c. Government publications+++
 - d. Serial publication

190. Graphic information about the vegetation, relief and population of Ghana can be found in
a. Biographical References
b. Serial publications
c. Atlases+++
d. Directories
191. Sketches about important personalities in the world can be obtained from
A. Directories
b. Biographical references+++
c. Geographic dictionaries
d. Newspapers
192. List of universities and Higher institutions in West Africa is an example of
a. Dictionaries
b. Geographic source
c. Encyclopedia
d. Directories+++
193. GNS 103: Information Retrieval course is designed by university to achieve all of the following except
a. Make librarian out of the students+++
b. Inculcate information skills in the students so that they can become life long learners
c. Teach students the importance of information to their academic pursuit
d. Develop research skills in students
194. Which of the following is not an audio visual materials
a. Filmstrips
b. Motion pictures
c. Monographs+++
d. Transparencies

195. An institution saddled with the responsibility of acquisition, processing and preservation of records of enduring value is called *é é* .
- A. Library
 - b. Archive+++
 - c. Documentation Centre
 - d. Museum
196. Registration of library users is the responsibility of *é é é é* ..
- a. Readers Service Division
 - b. Reference unit
 - c. Circulation Unit+++
 - d. Porters Unit
197. Undergraduate project can be obtained from
- a. Main Library
 - b. Document unit
 - c. General Reading Room
 - d. School Library+++

(a) Reference Unit +++
(b) Circulation Unit
(c) Bindery Unit
(d) Cataloguing Unit
263. ----- directs users to the exact location of a book on the shelf
(a)Accession number
(b)Entry Heading
(c) Catalogue +++
(d) Call marks
264. A basic reference collection is made up of all EXCEPT-----
(a) Dictionaries
(b) Encyclopaedias
(c) Textbooks +++
(d) Gazetteers
265. ----- is a serious offence in the Library
(a) writing
(b) reading
(c) noise making +++
(d) research
266. The following are the methods used to acquire serials materials in the library EXCEPT-----
---- (a) Purchase
(b) Gift
(c) Donation
(d) Supply +++
267. All of these EXCEPT one is not an information sources
(a) primary information sources
(b) secondary information sources
(c) Tertiary information sources
(d) Universal information sources +++
268. A library owned by an individual is an example of a -----
(a) personal library
(b) school library
(c)private library +++
(d) individual library
269. ----- are example of an academic libraries
(a) University libraries, college of education libraries and polytechnics libraries +++
(b) college libraries, schools libraries
(c) polytechnics libraries, college of education libraries and private libraries
(d) None of the above

270. All of the following are types of library EXCEPT
- (a) Academic Libraries
 - (b) National Archives +++
 - (c) National Libraries
 - (d) School libraries
271. The information required for ordering and cataloguing of books include all EXCEPT one of these-----
- (a) ISBN
 - (b) Author
 - (c) Accession number +++
 - (d) Title
272. A process in which all bibliographic information of a particular book are listed in a definite pattern is called-----
- (a) collection development
 - (b) title entry
 - (c) Added entries
 - (d) Bibliographic description +++
273. The Routines in the circulation units in the library is to enable-----make the best use of the library
- (a) Porters
 - (b) Users +++
 - (c) Technician
 - (d) Professionals
274. All except one is not a social media site
- (a) Whatsapp
 - (b) OPAC +++
 - (c) Facebook
 - (d) Twitter
275. All of the following are types of library catalogue EXCEPT-----
- (a) Dictionary Catalogue
 - (b) Union Catalogue
 - (c) Divided Catalogue
 - (d) Card Catalogue +++
276. All except one is not a Bibliographic details of an information materials
- (a) Author
 - (b) OPAC +++
 - (c) Title
 - (d) Publisher
277. ----- is a geographical location of a places
- (a) Dictionary
 - (b) Encyclopaedia
 - (c) Year book
 - (d) Map +++

278. All of the following are Printed collections EXCEPT-----
- (a) Dictionaries
 - (b) Encyclopaedias
 - (c) Textbooks
 - (d) E-Resources +++
279. All EXCEPT one is not a classification scheme used in the library
- (a) DDC
 - (b) UDC
 - (c) OPAC +++
 - (d) LC
280. A good report basically has the following section **EXCEPT** one.
- (a) Flyer +++
 - (b) Title
 - (c) Table of contents
 - (d) Introduction
281. All **EXCEPT** one are sources of information in a report writing
- (a) The library
 - (b) Bookshop +++
 - (c) Bibliographies
 - (d) Catalogue
282. -----is the library software used in futa library
- (a) CDS/ISIS
 - (b) Alice for window
 - (c) SLAM +++
 - (d) GLASS
283. All EXCEPT one is not a storage devices in a computer system
- (a) Portable hard disks
 - (b) Floppy Disk
 - (c) SLAM Disc +++
284. CD-DVDs A basic reference collection is made up of all EXCEPT-----
- (a) Dictionaries
 - (b) Encyclopaedias
 - (c) Textbooks +++
 - (d) Gazetteers
285. ----- is a serious offence in the Library
- (a) writing
 - (b) reading
 - (c) noise making +++
 - (d) research
286. The following are the methods used to acquire serials materials in the library EXCEPT-----
- (a) Purchase
 - (b) Gift
 - (c) Donation
 - (d) Supply +++

287. All of these EXCEPT one is not an information sources
- (a) primary information sources
 - (b) secondary information sources
 - (c) Tertiary information sources
 - (d) Universal information sources +++
288. A library owned by an individual is an example of a -----
- (a) personal library
 - (b) school library
 - (c) private library +++
 - (d) individual library
289. ----- are example of an academic libraries
- (a) University libraries, college of education libraries and polytechnics libraries +++
 - (b) college libraries, schools libraries
 - (c) polytechnics libraries, college of education libraries and private libraries
 - (d) None of the above
290. All of the following are types of library EXCEPT
- (a) Academic Libraries
 - (b) National Archives +++
 - (c) National Libraries
 - (d) School libraries
291. The information required for ordering and cataloguing of books include all EXCEPT one of these-----
- (a) ISBN
 - (b) Author
 - (c) Accession number +++
 - (d) Title
292. Which of the following best describes Information literacy
- a. The ability to read
 - b. The ability to use computer
 - c. The ability to reference
 - d. The ability to define an information need and satisfy it +++
293. To find **ALL** books a library has on *Cost analysis*, one needs to consult the:
- a. The subject catalogue+++
 - b. The author catalogue
 - c. The universal catalogue
 - d. The title catalogue
294. To find materials on the shelf in the library, one would need to use:
- a. The call number+++
 - b. The shelf number
 - c. The ISBN number
 - d. The title

295. Which is not true about scholarly journals
- The articles usually have citations and references
 - Their articles are often peer-reviewed
 - The information is usually technical in nature
 - The articles are usually authored by journalists+++
296. Which of this is **NOT** part of a citation
- Author
 - Title
